

### *Our Vision*

*To provide an all round education that will help prepare students for the journey of their lives from a human, spiritual, national and global point of view*

### HISTORY

In 1973, the Jesuits established the St. Vincent College of Commerce as a Night College. It was run in the campus of St. Vincent's High School, Pune, (a day school).

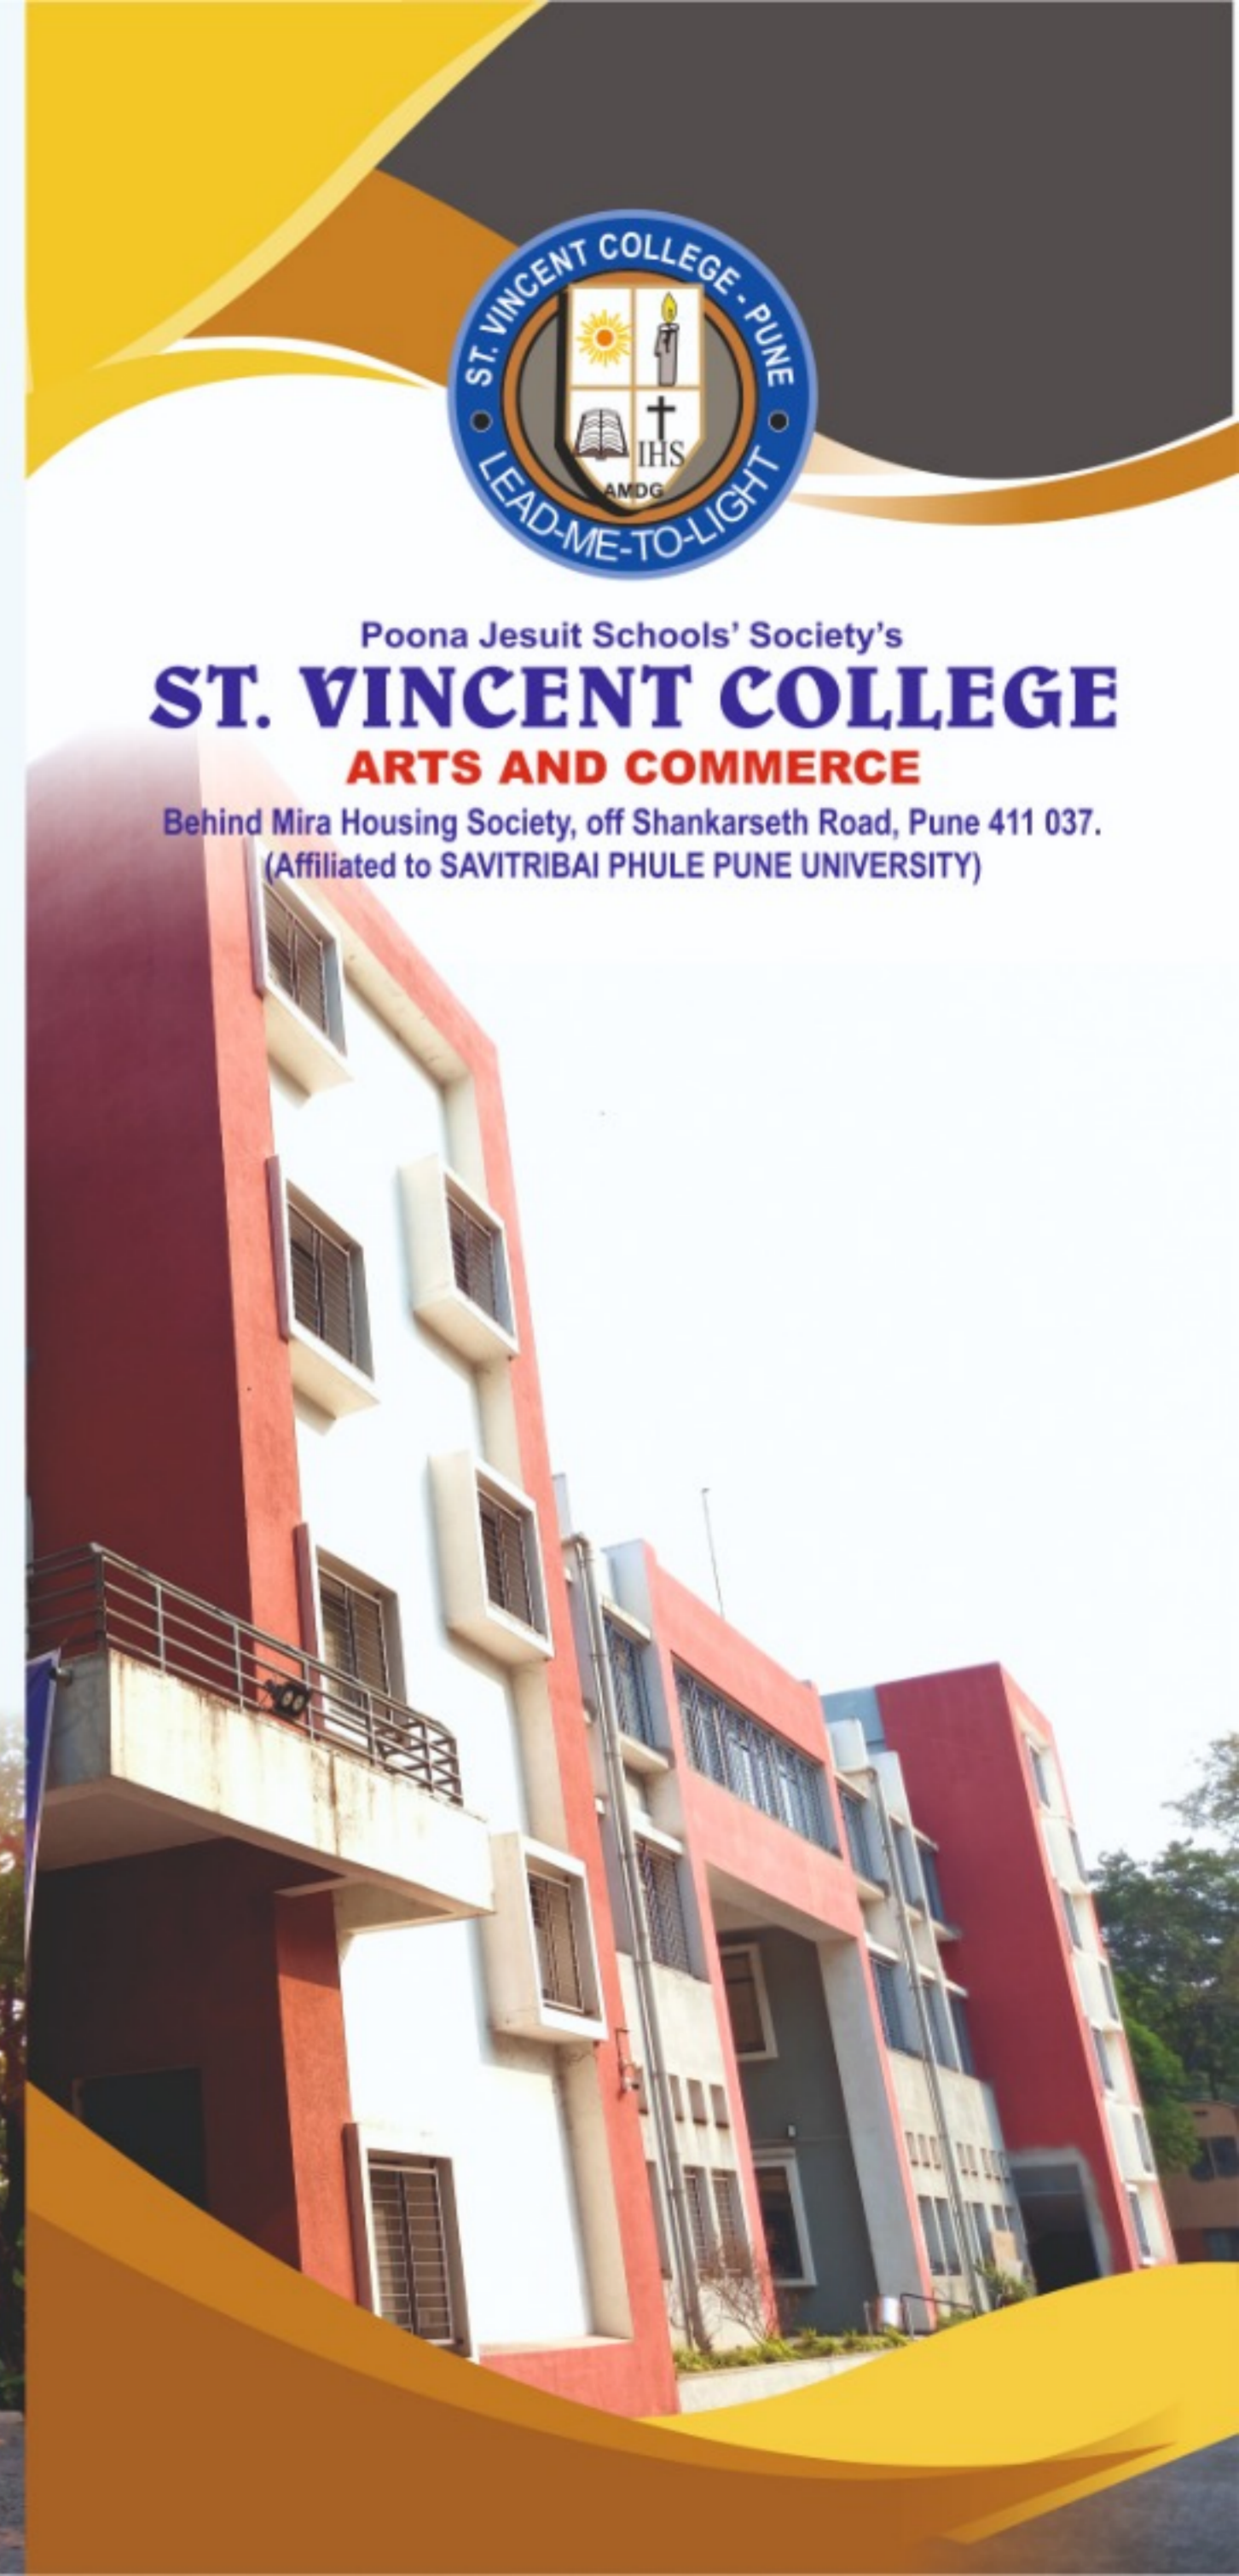

The college, giving preferential option to the poor and marginalized, provided quality Commerce education to working students who wished to pursue their education and thus build their career.

However, due to space constraints at the school, and the prospects for further expansion, the management shifted the college's location to the Technical Institute Campus in 2017 and converted the Night College into a Day College in 2022. Arts Faculty subsequently began. Other streams will soon follow.
