

NIIT Skill Development Program for College Students

St Vincent College in collaboration with NIIT, a renowned name in skill development, has launched a free-of-cost program catering specifically to the college students. This initiative aims to empower students with essential skills for their academic and professional journey. The program offers a diverse range of courses covering various domains such as IT, management,

communication, and entrepreneurship.

Participants benefit from expert-led training modules, interactive workshops, and hands-on practical sessions. The curriculum is thoughtfully designed to align with industry requirements, ensuring relevance and applicability in the job market. Additionally,

students receive certifications upon successful completion, enhancing their credentials and employability.

NIIT's free skill development program for college students represents a commendable effort towards bridging the gap between education and employability, ultimately contributing to

the holistic development of the youth workforce.
