Additionally, the test aimed to identify students with a strong aptitude for finance, guiding them toward specialized ICA certifications to prepare for competitive careers.		
Name/s of the Resource Persons	Resource persons from ICA		

A short narration of the program

Accounting Aptitude Test Conducted by ICA at St. Vincent College

On 20th July 2024, St. Vincent College, Pune, in a strategic collaboration with the Institute of Computerised Accounting (ICA), successfully conducted a comprehensive Accounting Aptitude Test exclusively for its Commerce students. This significant academic initiative was meticulously designed to bridge the gap between theoretical classroom learning and the practical demands of the modern financial sector. By partnering with a specialized institution like the ICA, the college aimed to provide its students with a robust platform to assess their foundational understanding of core accounting principles and gauge their inherent aptitude for advanced, technology-driven accounting practices.

The aptitude test served as a critical diagnostic tool, rigorously evaluating the participants' grasp of fundamental accounting concepts while simultaneously measuring their readiness for specialized training in computerized accounting systems. Beyond merely testing academic knowledge, the examination was structured to help students identify their individual strengths and pinpoint specific areas that require further academic focus. This process of self-evaluation is a vital step in their professional journey, equipping them with the clarity and directional focus needed to navigate and prepare for highly competitive future careers in the dynamic fields of finance, banking, and corporate accounting.

A pivotal highlight of this collaborative endeavor was the effective identification of students who demonstrated an exceptional aptitude and keen interest in the specialized realms of accounting and finance.

The insights gathered from the test have empowered both the college faculty and the ICA to mentor these high-performing students more effectively. Consequently, those who excelled in the assessment are being actively encouraged and guided to enroll in advanced, ICA-certified courses. This seamless transition into specialized, industry-recognized training will undoubtedly provide them with the cutting-edge technical skills and professional credentials required to thrive and excel in the competitive global finance industry.

Name of the Collaborating Agency	ICA Pune
Learning Outcomes of the Event for the Participants	Participants gained valuable self-awareness regarding their individual strengths and areas for improvement in core accounting concepts through the diagnostic assessment. Furthermore, high-performing students discovered clear pathways to enroll in advanced ICA-certified courses, significantly enhancing their technical skills and professional readiness for the finance industry.
Learning Outcomes for the Organizing team	The organizing team gained practical experience in collaborating with external industry institutes like the ICA to design and execute relevant, career-oriented academic assessments. Additionally, they acquired valuable insights into the current skill levels of the commerce students, enabling the faculty to better tailor future mentorship and recommend advanced career pathways.
No. of Participants	Students of Commerce stream
Faculty in Charge	Dr. Gilbi John
