Date of Event	19 th and 20 th August 2024	Place of Event	St. Vincent College
Objective of the event	To register first time voters		
Name of the resource person	N.S.S unit		
A short narration of the program			
Voter Registration Drive at St. Vincent College by NSS Unit			
On 19th and 20th August 2024, St. Vincent College's NSS (National Service Scheme) unit conducted a successful voter registration drive aimed at enrolling first-time voters for the upcoming Maharashtra Assembly elections, scheduled between November and December 2024. The initiative was designed to encourage civic participation among students and ensure that eligible voters exercised their democratic rights. The drive was primarily targeted at students who had recently turned 18 and were preparing to vote for the first time. NSS volunteers, who played a pivotal role in organizing and executing the event, were stationed at designated areas across the campus, guiding students through the registration process. The volunteers ensured that students were informed about the necessary documents and steps involved in voter registration. Throughout the two-day drive, the NSS team provided detailed assistance, helping students complete online forms and clarifying any doubts related to the electoral process. Informational materials about the importance of voting and the significance of the Assembly elections were distributed, reinforcing the message of responsible citizenship. Posters and banners promoting the voter drive were placed strategically around the campus to maximize participation. The event saw an enthusiastic turnout, with a large number of students registering as first-time voters. The NSS volunteers, along with the support of the faculty, successfully created an atmosphere of civic engagement, encouraging students to take an active role in the democratic process.
