A short narration of the program			
St. Vincent College organized an engaging and creative Origami and Paper Art Workshop on 11th October 2024, conducted by the renowned artist Mr. Ramesh. The workshop provided a unique opportunity for students to explore the intricate art of paper folding and develop their artistic skills. The session began with an introduction to the history and significance of origami, followed by a live demonstration of basic techniques, such as folds, creases, and patterns. Mr. Ramesh skillfully guided participants through the creation of various paper models, including animals, flowers, and geometric shapes. The workshop emphasized the importance of patience, precision, and creativity in mastering the art of origami. It also highlighted the environmental benefits of paper art by promoting the use of recycled materials and sustainable practices in crafting. Students actively participated, showcasing their enthusiasm and innovative designs. The hands-on approach allowed them to unleash their creativity while gaining an appreciation for this traditional Japanese art form. The event concluded with an interactive Q&A session, where Mr. Ramesh shared valuable tips and techniques for further exploration of paper art. Participants expressed their gratitude for the opportunity to learn a new skill and enjoyed the sense of accomplishment from their creations. The workshop was a resounding success, encouraging students to explore their artistic potential and fostering a sense of mindfulness through the meditative process of origami. It was yet another testament to St. Vincent College's commitment to providing diverse learning experiences for its students.
